

Topics covered

- ◆ New features
- Introduction to NOTEBOOK and CONTROL's data acquisition and control capabilities
- Features of Build-time
- Discussion of files created during software and hardware installation
- Examine installation of plug-in boards vs. RS-232 devices
- Creation of setups through Build-time
- Becoming familiar with dialog boxes
- Time stamping of data
- Demonstration and discussion of DDE and LT-SPEEDWAY support
- Use of calculations & C-Icons
- Creating a display in VISIONpro
- Replay of previously collected data
- Converting voltage to engineering units
- Use of triggering, staging and looping to collect specific data points
- Open and closed-loop process control (including PID)
- NOTEBOOK and CONTROL's scheduler - sampling in real time
- Automating your setups
- Using animation in VISIONpro
- Password security program
- Using the control panel to make changes to the setup during a run (CONTROL only)
- Alarm logging (CONTROL only)
- Realtime Remote
- Software installation and device referencing
- Converting voltage to engineering units
- Examine installation of plug-in boards vs. RS-232 devices
- ◆ Learn to create large Trend Data Buffers
- ◆ Adding symbols to VISIONpro displays
- ◆ Using large Bitmaps as backgrounds
- ◆ VISIONpro Client

Seminar Prices

3 days: \$1250*

4 days: \$1600*

*If you are registering for the seminar within 90 days of purchase of your original system, excluding upgrades, the seminar prices are:

3 days: \$1095

4 days: \$1395

Terms

Payment in advance is required for our seminars. We accept credit cards or a check no later than 30 days before the start of the seminar.

For on-site training, we accept purchase orders no later than 30 days before the start of the training.

Cancellations

30-day notice is required for a full refund prior to the seminar date. Cancellations received in less than 30 days are subject to a 10% cancellation fee.

Sign me up!

To sign up for a seminar, please contact us:

Phone: (800) 333-0212 or (978) 470-0099

Fax: (978) 470-3338

e-mail: sales@labtech.com

The size of each seminar is limited, so register early to ensure your space! A confirmation letter, maps and hotel information will be sent to you once you have registered.

LABTECH Training Seminars for 2002

| Location | Dates | Last Sign-up Date |
|------------|--------------|-------------------|
| Boston, MA | March 19-22 | February 6 |
| Boston, MA | June 11-14 | May 11 |
| Boston, MA | October 8-11 | September 15 |

Application Day

There is an optional fourth day during which small groups of attendees with similar applications work together with an engineer to develop each individual application.

On-Site Training

Instead of sending a large group of people to a scheduled seminar, save on personal travel expenses (\$1100 average per person) and travel time by having a seminar at your own location.

The fee for a 3-day US On-Site seminar (for up to 10 attendees) is \$6000, plus trainer's actual expenses (\$2000 average). Additional attendees cost only \$300 each. The fee for a 4-day US On-Site seminar (for up to 10 attendees) is \$8000, plus trainer's actual expenses (\$2300 average). Additional attendees cost only \$400 each.

On-site consulting is available on a limited basis.
Call for details.

"It was the best seminar I have ever attended. There is usually some part of every seminar that could be substantially improved or left out altogether. Your seminar was the exception. Every aspect of it was excellent."

*James D. Frugé, Staff Chemist
Hoechst Celanese*
